

NEVER FORGET

Dear Veteran,

Thank you for fighting and keeping our country safe. I feel sorry for how you tried so hard to keep our country safe. Was it scary being in the **Great War?** I'd believe you if you responded yes. What made you want to go to the **Great War?** What made you want to be a veteran? How old were you when you went to war?

My school had a **Remembrance Day** assembly on November 7th it had a man playing bagpipes. I think he was from war but I'm not sure. What do you think about bagpipes? Do you think they're noisy? Or do you like them, I know I do. And also there was also a woman who looked like she was from war too but I'm not sure. There was **Black Light Drama** about **Remembrance Day**; I loved all those glowing colors.

NEVER FORGET

In school I read a book called, "A Poppy to Remember," it showed about many young men who did not return to their families. It showed about an army doctor named John McCrae, he wrote a poem called, "In Flanders Fields." I really loved that poem. He wrote the poem after his friend died in war and after that poppies sprang in the field. We also read a poem called, "Why Wear a Poppy," after the story we learned we wear a poppy so we can remember the brave soldiers who fought in war. Did you have any friends that went to war and didn't come back? And I have to say thank you again for serving in war for our country.

Yours Truly,

Drayden
