

NEVER FORGET

Dear Veteran,

In a war there are tanks, machines that explode, many guns, war jets, and the soldiers wear body armor to protect themselves.

We wear a poppy to remember the soldiers who fought in a war and got killed.

I'm thankful for the soldiers who fought in a war and kept our country safe because I do not want live in country that is unsafe.

I am grateful that my dad is not a soldier because if he was a soldier he would might get killed and then I would miss him.

We had a ceremony on November 7th and the school did beautiful singing performances. The poppies, heart and the cross were glowing because it was all in black light.

Yours Truly,

Gerhard
